## IOWA DEMOCRATS.

They Hold a Convention and Nominate a State Ticket.

## FREE SILVER MEN MEET DEFEAT.

After strife among the opposing factions on the financial question—many speeches made by the White Metal advocates, but the "sound money" men won when it came to a vote.

MARSHFIELD, Ia., Aug. 8.—One of the most notable state conventions in the history of the Iowa Democracy was held in this city yesterday. Some Monday there was a long bitter strife between the two opposing elements of the party over a contesting for a ticket and platform—a "sound money" man, the other clamoring for free coinage, without waiting for an international agreement. From start to finish the white metal contingency did nearly all talking in the streets, in hotel lobbies, at various headquarters, in committee rooms, caucuses and finally on the floor of the convention.

An apparently fortuitous incident the silver men had a fine chance to exploit their views in convention hall during the afternoon, from the fact that the resolutions committee got into a tangle on the financial question, and then in the evening, nearly 4 o'clock, the money resolution was being overhanded and reconstructed two or three times before an agreement was reached, and the majority, making persistent efforts to avert the introduction of the minority report.

During the first session the silver men did not, however, fail to find silver speeches by radical white metal champions. The opponents of free silver preserved silence, except that Cato Sells made a short talk of a conciliatory character.

The controversy grew warm and bitter, and when the report favoring free coinage was introduced, the prolonged silver discussion was precipitated for a while, the proceedings were adjourned until today.

Crop Conditions in England.

NEW YORK, Aug. 8.—The Times publishes a report of the estimated condition of the crops Aug. 1, 100 as the national standard. Wheat is at 70, barley, 80; oats, 80; potatoes, 95; beans, peas and roots, 75, and grass and hay, 74.

Jury of Fourteen.

SAN FRANCISCO, Aug. 8.—Fourteen jurors will be impaneled to try Theodore Durrant. Authority for impanelling 14 jurors was given by the trial not passed by the legislature in its last session, provided for alternate jurors in cases that are apt to be protracted.

Sugar Bureau Case.

WASHINGTON, Aug. 8.—For the next three days comptroller of the treasury will hear arguments in behalf of the claimants in the Nebraska sugar bureau case. Ex-Senator Manderson will conduct the case for the claimants.

Ex-Secretary Endicott III.

BOSTON, Aug. 8.—A dispatch from Danvers, Mass., reports ex-Secretary of War William C. Endicott, who is now at his summer residence in Danvers Center, to be in feeble health, which has become aggravated of late.

Cooney, successors to D. Bell, and  
who finally skipped out just in time  
to evade arrest, has been heard from  
again. Messrs. Carroll & Cooney re-  
ceived a letter from a lady in Wapakoneta  
this morning, stating that she had  
paid Stewart for a year's sub-  
scription and had not received the  
paper as he promised. The paper  
people should read the newspaper.

getting onto the street again had

origin is not known. Mr. Staup was  
unfortunate in having all his wheat,

three fine horses, all his farming im-  
plements, machinery and wagons.

## FAST TIME

Made on the L. C. C. Track Last  
Night.

The Track to be Graded and Banked  
Before the Labor Day Races.

The L. C. C. races on the club  
track in Faurot's park, last night,  
were the best races that have been  
run there this season.

There were not as many starters  
in the races last night, as in those of  
a week ago, and consequently there  
were no smash-ups. There was a  
good attendance and the spectators  
were well pleased.

## THE FIRST EVENT

was the one mile novice, in which  
there were only four starters—Ira  
Stewart, B. G. Abell, O. E. Spurrer  
and Chas. Hover.

Spurrer was forced into the pace  
in the start, and he held it until the  
split for the finish, when of course  
he was blinded and had to fall back.  
Stewart finished first, Hover second,  
Abell third and Spurrer fourth.  
Time, 2:52.

The Fat Men's half mile handicap  
was the second event, and Harry  
Johnson, Joseph Thomas and Seymour  
Peek were the starters. Thomas led  
until they reached the home stretch,  
when he almost got a fall and lost  
ground. Johnson finished first, with  
ease. Thomas took second and Peek  
third. Time, 1:35.

## THE MILE OPEN

Was the feature of the evening, the  
one mile competition record of the  
track being broken. A. C. Brown,  
Guy Folk, George Wood and H. H.  
Hausenstein were the starters, and  
Clyde Roberts, of Columbus Grove,  
was the pace maker for the first half.

The race was fast from start to  
finish and the pick up by  
Will Bell, who paced the third  
quarter, was excellent. The finish  
was very exciting. Wood took first,  
Folk second, Hausenstein third, and  
Brown fourth. Time—2:32.

The fourth event was the race be-  
tween the bicycle and runners. Oris  
Clutter, H. B. Smith and C. E. Jones  
were the runners who were to go  
half mile, while Harry Ashton,  
Frank Thomas and H. H. Hausenstein  
were to ride a mile. The race was  
very exciting and many thought the  
wheel would win, but they did not  
reach the tape until after the runners  
had all finished. Jones won  
first, Clutter second, and Smith third.  
Time—2:18.

## THE HALF MILE OPEN

Was the last event, but wasn't ridden  
within the time limit, and it will  
have to be run over at the next meet.  
Wood, Folk and Richmond were the  
starters and Henry Hausenstein was  
selected as pace maker. Wood fin-  
ished first, Folk second, and Rich-  
mond third, and the time was 1:14.

After the five races were over  
Clyde Roberts, the well-known Co-  
lumbus Grove rider, rode an exhibition  
half mile, flying start, paced by  
W. C. Bell, in 1:06, breaking the  
track record of 1:07, held by Bur-  
goine.

## THE GIRLS RACE AT DELPHOS.

At the meeting of the Mystic  
Wheel Club at Dr. McCoy's office,  
last night, it was unanimously de-  
cided to allow the girls to enter the  
bicycle races on the 15th. Five have  
already entered for a mile dash, and  
others will probably enter. They will  
wear bloomers, too. The con-  
tests are to start promptly at 3 p.  
m., and a committee has been ap-  
pointed to arrange a programme of  
races with suitable prizes. These  
bicycle races will soon be a feature of  
our city, and it is well for no one to  
endeavor to advise the wheel club to  
not countenance a race for the  
blower girls.—*Delphos Herald*.

## NOTES.

The trustee will spend about \$50  
in ink and bank the lower turn of  
the track before Labor Day.

The class A meet, which will be  
given Labor Day will be open to all  
class A riders. Heretofore the races  
have been for club members only.

Kenton and Burgoyne, two of the  
fastest riders in the club, were miss-  
ing in the open event last night.  
Kenton was disabled in the St. Paris  
street race, and Burgoyne was absent  
for some cause.

The city of Kenton must have a  
pretty speedy rider, or else he must  
use the fast express when he goes out  
wheeling. The Kenton paper speaks  
thus:

Will Kuet left Canton at six yes-  
terday morning, going through Mas-  
sillon, Wooster and Mansfield; re-  
mained at Mansfield from ten a. m.  
to two p. m., stopping one hour at  
Galion and Marion, reaching Kenton  
at 5 p. m. same day, doing 145 miles  
in about nine hours on dirt road,  
except from Marion to Kenton. Pret-  
ty speedy riding that.
